Phenolic Resin Door

AR-Dp Phenolic Resin Door

PBSC provide installation, servicing, technical advice, product selection and demonstrations for clean controlled environments with **Innovation, Design and Quality** at the heart.

PBSC manufacture high quality clean room, high containment and material decontamination products. When you need areas and staff to be contamination free and protected from pathogens, you need dependable equipment which will maintain critical biosafety levels, achieve sterility and protect data reliability.

Complying with local and global regulations **PBSC's** products can be designed to meet your specific requirements. Over 30 years knowledge and competence within the specialist sectors, always going through extensive research and development and offering accurate assistance during project planning to consultants, architects and end users to deliver successful projects.

Innovation
Incorporating your requirements to create product ranges to exceed expectations

Design
Leading the way with pioneering design, ensuring customer requirements are achieved

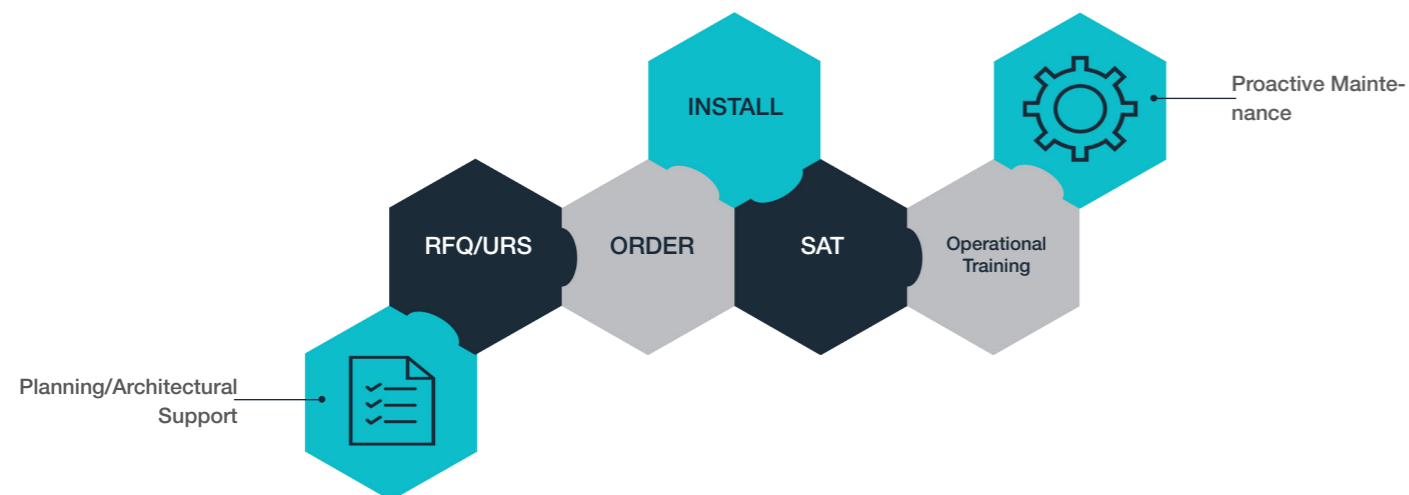

Quality
Delivering high quality products for over 30 years, with rigorous testing and inspection

PBSC is the accepted benchmark by which others are measured...

The search for innovative design, an eye for detail and advanced manufacturing techniques has seen **PBSC** gain a deserved reputation as the premier supplier within cleanroom environments.

Supporting the customer throughout the process continuing to meet the growing challenges and striving for continual improvement with our ISO 9001 QA processes independently audited and updated on a regular basis.

Description

PBSC's Phenolic Resin doors are Ideal for laboratory, cleanroom and corrosive environments, these doors are incredibly tough. Unlike metal doors, they have greater resistance to damage and importantly, they have no hollow cavities where contamination can ingress.

Meticulously engineered and manufactured with a solid core of chemical grade phenolic resin, these doors are impervious to most chemicals and cleaning agents. They will also improve the looks of your facility incorporating the renowned **PBSC** wrap-around doorframe featuring clean, uninterrupted lines with solid stainless-steel hinges and concealed door system.

Key Features

- Excellent resistance to most corrosive chemicals
- High impact resistance
- Solid core door leaf
- Full wrap around frame option, without rebate
- Purpose built solid stainless-steel hinge to provide easy cleaning and opening up to 170°
- Flush glazed vision panels in custom sizes
- Flush Maglock in frame
- Concealed closer system available for added hygiene
- Unique **PBSC's** stainless-steel hinge assembly

The Phenolic Resin door set are available in single or double door leaf construction with the unique **PBSC** cast stainless-steel hinge assembly, allowing a maximum clear opening and can be bespoke to fit existing walls.

The Phenolic Resin Door is the ideal solution whilst improving the looks of your facility.
